Software QA Engineer

Job Overview

Job Title:	**QA Engineer**
Company:	comforte AG
Job Location:	Wiesbaden/Negotiable
Contract type:	Full time permanent employment (40h/week)
Experience:	At least 3 years of experience:

- Test developer
- Automated testing

Education:	At least Bachelor in Computer Science (or similar subject), or higher degree
Reports To:	Head of QA
Start date:	Immediate

Role

In your role as Software QA Engineer you work in close collaboration with the research and development department to assure the software quality of our data-centric-security software product SecurDPS.

Primary areas of responsibility include:

- Creation and execution of automated and manual test cases and scenarios utilizing various programming languages and test frameworks, principally pytest (Python), Java and C#
- Integration of automated tests with GitLab and creation of Test Pipelines
- Test reporting to project stakeholders
- Creation of Test Scope, Plans and reporting of test results to stake holders

Required technical skills

Excellent and extensive skills and background knowledge in:

- Java (Language not script) or C# or C++
- Good understanding and demonstrated practical knowledge of Python or Perl scripting
- Experience of Test Automation
- Creation and use of test data for automated tests

Desired Additional technical skills

- Experience of Continuous Integration (CI)
- Practical knowledge of Git and GitLab
- Experience with SSH
- Experience of working in Windows, Linux and Unix environments
- Exposure to IBM mainframe and/or HPE NonStop systems
- Experience with complex data structures including extensive practical knowledge of SQL

Professional Traits and Aptitudes

- Quick learner with a willingness to try/adopt new things and understand complex environments
- Teamplayer with a positive general attitude to solve complex issues
- Willing to continuously learn and improve skills to keep up with technology changes
- Self-learner with an ability to work independently under minimal supervision
- The ability to prioritize multiple tasks in order to achieve required goals
- Passionate about and open for dealing with a wide range of technologies

Communication

- **English:** Required to be fluent both in oral and written communication
- **German:** Language skills helpful but not a requirement
- Additional Languages are a plus

What comforte can offer

- Unique company culture resulting in close to 0% staff turnover
- Interesting work in an international team with clients in the Payments / Telco / Retail / Manufacturing industry around the world
- Flexible working hours
- Flat hierarchies
- Good work-life balance
- Opportunity to work self-sufficiently, take responsibility and make a difference
- Work location negotiable once fully on-boarded and accustom to culture, team and work environment
- Competitive salary
