Reports To:	Director of IT & Infrastructure
Start date:	At earliest convenience

Role

in your role as System Integration Engineer, you help to enable the continuous growth, scalability and success of comforte by maintaining and optimizing existing IT systems, as well as participating in the creation and implementation of the next generation IT architecture at comforte.

Key activities include:

Interface creation, configuration and maintenance

- Configuration/implementation of interfaces to internal/external systems
- Maintenance and monitoring of interfaces to external and internal services

Enterprise Architecture

- Participation in creation of Enterprise Architecture Solution concepts
- Database design for integration solutions where applicable

- Evaluation of potential IT solutions, both in the scope of addressing the required business needs, as well as alignment to the overarching IT strategy.

System Rollout, Maintenance and Optimization

- Maintenance and Optimization of existing systems as part of the overall integrated enterprise architectures
- Rollout of new IT solutions where appropriate

Required technical skills

Excellent and extensive skills and background knowledge in:

- Interface programming methods like Scribe, REST
- Integration architectures, esp. around common systems found in the enterprise, including but not limited to CRM, DMS, ERP, HR systems.
- Operating systems: Linux, Unix, Windows, additional OS's are a plus
- Application development and programming languages, Javascript, SQL, Java, .NET
- Database design
- Infrastructure as Code Principles
- Git
- Apache Kafka
- Common Security Protocols and their use cases (SSL/TLS, SSH)

Professional Traits and Aptitudes

- Quick learner with an openness to try/adopt new technologies
- Team player with a positive general attitude to solve complex issues
- More generalist than specialist
- Willing to continuously learn and improve skills to keep up with technology changes
- Self-learner with an ability to work independently under minimal supervision
- The ability to prioritize multiple tasks in order to achieve required goals

Communication

- **German & English:** Required to be fluent both in oral and written communication
- Additional Languages are a plus

What comforte can offer

- Unique company culture resulting in close to 0% staff turnover

- Interesting work in an international team with clients in the Payments / Telco / Retail / Manufacturing industry around the world
- Flexible working hours
- Flat hierarchies
- Good work-life balance
- Opportunity to work self-sufficiently, take responsibility and make a difference
- Work location negotiable once fully on-boarded and accustomed to culture, team and work environment
- Competitive salary
